

NISSAN SUNNY

Maxima

WWW.RATDAT.COM

Nissan built their reputation throughout the world by offering extremely well equipped and very reliable cars. Now Nissan are introducing the limited edition Sunny Maxima which offers levels of equipment and comfort that are exceptional, even by Nissan's own standards.

Maxima versions of the Sunny GS and SGL are available, both with outstanding "extra value" features.

The Maxima equipment pack gives driver and passengers a host of luxury equipment. A tinted

glass sunroof is just right for summer. Entertainment is provided by a two waveband radio and stereo cassette in its own console. For the safety of rear seat passengers inertia reel rear seat belts are fitted. The Sunny Maxima comes with a slick five speed gearbox with overdrive on fourth and fifth for super economy.

The Maxima styling pack gives a very distinctive appearance with elegant body stripes and a special Maxima badge at the rear. Attractive aerodynamic full wheel trims and

bright wheel arch mouldings set the Maxima apart from other cars on the road. A full set of mud flaps, front and rear, a chrome tailpipe for the exhaust and contoured front and rear interior mats finish off the list of additional features. Metallic paint is available as a no cost option.

The Maxima packs offer outstanding value for money and are available on GS and SGL saloons, SGL Estates and Coupes — part of the Nissan Sunny range which tops sales charts throughout the world.
